GO TEC

TEC Guided Diving

DAYS	TNK & WTS
1	€132.00
2	€256.00
3	€366.00
4	€468.00
5	€555.00

Second dive same day extra €50.00

Dives include road transport, guide, twinset/rebreather tanks/sidemount tanks, weights, 2 stages & all taxes. Price does not include mixed gases & dive supplements.

Diving Supplements

Night Dive (Inc. Torch & Batteries)	€25.00
Day Trip Gozo (Road & Ferry)	€35.00
Single Hard Boat Dive* (min 6 pax)	€75.00
Single Hard Boat Dive Long Distance* (min 6 pax)	€90.00

* Prices are for dives on scheduled boat trips.
If diving separately prices are given on request.

Other Supplements

Pick Up (Sliema Area)*	FREE
Airport Transfer 2-way* 1 pax	€40.00
Airport Transfer 2-way* 2+ pax	€25.00
One-to-One Diving (per day)	€P.O.R.

Gases & Lime

Helium per litre	€0.09
O2 per litre	€0.02
Sofnolime per kg	€10.00
Sofnolime 20kg tub	€170.00

Tec Gear Rental

Main regulator	€8.00
Stage regulator	€6.00
Wing & Harness	€15.00
Reel & SMB	€7.00
Digital Depth Gauge/Computer	€7.00
DPV	€40.00
Budget Pack (2 main regs, 2 stage regs & Wing & Harness)	€40.00
CCR Unit (per day)	€100.00

Tec gear is only rented to clients taking a course or on accompanied dives.

Tank Rental

Twin 10 ltrs	€14.00
Twin 12 ltrs	€16.00
Aluminium Stage 80 cf (11.2L)	€8.00
Aluminium Stage 40 cf (7L)	€7.00
Rebreather tanks 2/3 ltrs	€6.00
Dry suit tank & Reg 1 Ltr	€7.00

TEC REC Courses (Open Circuit)

1 pax

2+ pax

DISCOVER TEC DIVING (1/2 Day) Get a taste of TEC diving through a discover tec diving session. This session can be credited towards the Tec 40 course if you decide to continue!	€200.00	€170.00
TEC SIDEMOUNT (Min 3 Days) Tec Sidemount offers the same benefits as the PADI Sidemount course but gives you the opportunity to dive with 2+ tanks for extended dive times, and is a prerequisite if following Tec courses with sidemount configuration.	€680.00	€600.00
TEC 40 (Min 2 Days) PADI Tec 40 is designed to allow you to dive within the scope of recreational limits and is designed to be a bridge from PADI recreational courses to TECREC technical courses providing you with an opportunity to experience some of what technical diving has to offer.	€560.00	€460.00
Tec 45 (Min 2 Days) The Tec 45 course picks up where Tec 40 leaves off and takes your training as a tec diver further and deeper.	€600.00	€500.00
TEC 50 (Min 3 Days) The Tec 50 course completes your training as an entry-level tec diver, taking you past the limits of recreational diving.	€740.00	€640.00
COMBI TEC 40 + TEC 45 (Min 4 Days) A combo of the Tec 40 & Tec 45 courses done back to back.	€1050.00	€900.00
COMBI TEC 40 + TEC 45 + TEC 50 (Min 7 Days) A combo of the Tec 40 & Tec 45 & Tec 50 courses done back to back	€1650.00	€1450.00
ENRICHED AIR GAS BLENDER (1 Day)	€120.00	€105.00
TRIMIX GAS BLENDER (1 Day)	€215.00	€180.00
TEC TRIMIX 65 (Min 4 Days) The PADI Tec Trimix 65 Diver course is intended for technical divers certified as PADI Tec50 Divers (or qualifying certification from another training organization). The course extends their depth range capabilities by training them in the use of trimix (helium, oxygen and nitrogen) to a depth of 65 meters.	€1760.00	€1570.00
TEC TRIMIX 65 UPGRADE (Min 3 Days) Following Tec Trimix 65 one can upgrade to dive to 90 metres/245 feet using various trimix blends, air, enriched air and oxygen, using open circuit technical diving equipment and procedures required to manage the risks involved.	€1500.00	€1275.00
TEC TRIMIX FULL (Min 7 Days) A combo of the TEC Trimix 65 and the TEC Trimix 65 Upgrade.	€2600.00	€2250.00

Kindly visit this link below for all our TEC Instructor level courses

<https://divesystemsmalta.com/category/pro-level-courses/tec-go-pro/>

PRICE Includes: Hire of twinset, 2 stage tanks, weights, gases (for max depth requirements), Instructor, Land transport to dive sites & Certification card.

Excludes: Manuals, Other equipment & Dive Supplements.

All courses can be done in sidemount configuration.

SSI XR Courses (Open Circuit)

1 pax

2+ pax

Extended Range Foundations (Min 2 Days)

The SSI Extended Range Foundations Course is specifically designed to enhance your diving fundamentals and prepare you for advanced technical diving. Whether you're new to technical diving or looking to sharpen your existing skills, this course builds a robust foundation in buoyancy, trim, propulsion techniques, and emergency procedures—essential for safe and effective technical diving.

€480.00 €400.00

Extended Range Nitrox (Min 3 Days)

The SSI Extended Range Nitrox course trains you for deeper dives (up to 40m) using nitrox, enhancing your safety and extending your bottom times. Up to 100% and 20 min deco

€680.00 €580.00

Extended Range Trimix (Min 5-6 Days)

The SSI Extended Range Trimix course prepares you for safe technical dives to 45 metres using helium-based normoxic gas mixtures. Up to 100% and 20 min deco

€1400.00 €1200.00

Extended Range Sidemount (Min 3 Days)

Learn sidemount configuration and efficient use of multiple stage cylinders for decompression diving. SSI Extended Range Sidemount training in Malta includes 4 academic sessions, 1 confined session and 4 open water dives (max depth 40m). Use 4 tanks during this course

€680.00 €580.00

Technical Extended Range Air (Min 5-6 Days)

The SSI Technical Extended Range AIR course qualifies you for technical dives up to 50 metres, mastering advanced decompression and gas management. Unlimited deco and using 2 stages

€1100.00 €900.00

Technical Extended Range Trimix (Min 5-6 Days)

The SSI Technical Extended Range course trains divers for trimix dives up to 60 metres using helium-based normoxic gas mixtures, mastering advanced decompression and technical skills. Unlimited deco and using 2 stages

€1600.00 €1300.00

Hypoxic Trimix 80 (Min 4-5 Days)

The SSI Hypoxic Trimix 80 course prepares you for technical dives to 80m using Hypoxic gas mixtures, mastering hypoxic gas mixtures and advanced decompression. Unlimited deco and using 3 stages

€1500.00 €1250.00

Hypoxic Trimix 100 (Min 2 Days)

The SSI Hypoxic Trimix 100 course prepares you for technical dives to 100m using Hypoxic gas mixtures, mastering hypoxic gas mixtures and advanced decompression. Unlimited deco and using 3 stages

€950.00 €850.00

Combo Hypoxic Trimix 80 + Upgrade to Hypoxic Trimix 100 (Min 6 Days)

The SSI Hypoxic Trimix 100 course prepares you for technical dives to 100m using Hypoxic gas mixtures, mastering hypoxic gas mixtures and advanced decompression. Unlimited deco and using 3 stages

€2350.00 €2050.00

Extended Range Wreck Diving (Min 4 Days)

Advanced SSI XR training for safe wreck penetration dives, developing critical navigation, buoyancy, and emergency management skills.

€680.00 €580.00

Nitrox Gas Blender (Min 1 Day)

€120.00 €105.00

Trimix Gas Blender (Min 1 Day)

€215.00 €280.00

TRY CCR (1/2 Day)	€250.00	€200.00
Try a CCR without commitment to buy a unit and get to know the advantages and disadvantages of different units. Max depth 10mtr		
CCR EXTENDED RANGE 30 (Min 6 Days)	€1300.00	€1150.00
Begin CCR diving with SSI CCR Extended Range 30. Master rebreather use to safely dive up to 30 metres with extended bottom times.		
CCR EXTENDED RANGE 40 (Min 6 Days)	€1400.00	€1250.00
Advance your CCR diving skills to 40 metres with SSI CCR Extended Range 40. Master deeper CCR dives and decompression management safely.		
CCR EXTENDED RANGE 45 TMX (Min 6 Days)	€1500.00	€1250.00
The SSI CCR Extended Range 45 course teaches advanced CCR trimix diving techniques (trimix used on last 2 dives), certifying you to safely dive up to 45 metres.		
CCR TECHNICAL EXTENDED RANGE 60 (Min 6 Days)	€1600.00	€1350.00
SSI CCR Technical Extended Range 60 course certifies divers to safely conduct CCR trimix dives to 60 metres with advanced decompression skills.		
CCR HYPOXIC TRIMIX 100 (Min 6 Days)	€1850.00	€1600.00
The SSI CCR Hypoxic Trimix 100 course certifies divers for extreme CCR dives to 100m, mastering advanced decompression and hypoxic trimix management.		
EXTENDED RANGE WRECK DIVING (Min 4 Days)	€700.00	€600.00
Advanced SSI XR training for safe wreck penetration dives, developing critical navigation, buoyancy, and emergency management skills.		
CCR CROSSOVER 40 (Min 3 Days)	€770.00	€740.00
CCR CROSSOVER 60 (Min 5 Days)	€1350.00	€1200.00
CCR CROSSOVER 100 (Min 6 Days)	€1550.00	€1450.00
Already certified on CCR and moving to a new unit? The CCR Crossover course in Malta trains you on the setup, electronics and emergency procedures of your new rebreather – within your existing depth limits.		

INSTRUCTOR LEVEL COURSES AVAILABLE UPON REQUEST

Price includes: Hire of tanks, bailout stage tanks, sorb, weights, gases, instructor, land transport to divesites and certification card.

Excludes: Manuals, other equipment, CCR and dive supplements.

Unit rental price: €100 per day.

Units available: JJ, rEvo, Divesoff Liberty Sidemount CCR, XCCR.

2+ pax

INTRO TO TEC (1 Day)

€400.00 €340.00

An introduction to the world of Tec-diving. This is done in 2 dives and we will introduce you to dive-planning, technical diving equipment and configuration, buoyancy and trim and improve your underwater skills.

Min 2 dives.

ADVANCED NITROX DIVER (Min 3/4 Days)

€680.00 €580.00

Qualifies divers to 40 m for dives requiring deco stops, using nitrox mixtures up to 100% O₂ for increased safety during 40 m deco stops.

Min 4 dives.

DECOMPRESSION PROCEDURES DIVER (Min 3/4 Days)

€680.00 €580.00

Prepares diver for planned stage deco diving. Qualifies you to a depth of 45 m.

Min 4 dives.

HELITROX DIVER (Min 3/4 Days)

€900.00 €750.00

Prepares diver for planned staged deco dives utilizing Helium to reduce effects of narcosis. Qualifies diver to 45 m with helium mixes no greater than 20% and 100% O₂ for deco stops.

Min 4 dives.

COMBI (Min 6 Days)

€1120.00 €970.00

Advanced Nitrox and Decompression Procedures or Helitrox

Qualifies divers to dive to 45 m and to perform deco stops using 100% O₂ and if doing helitrox up to 20% Helium to reduce narcotic effects.

Min 6 dives.

TRIMIX DIVER (Min 5 Days)

€1600.00 €1300.00

Shows how to minimise the effects of narcosis by adding Helium to offset the nitrogen in your gas. Qualifies diver using a min of 18% O₂ to a max depth of 60 m.

Min 4 dives.

TRIMIX DIVER 75 (Min 5 Days)

€1900.00 €1700.00

Shows how to minimise the effects of narcosis by adding Helium to offset the nitrogen in your gas. Qualifies diver using a min of 16% O₂ to a max depth of 75 m.

Min 4 dives.

ADVANCED TRIMIX DIVER (Min 5 Days)

€1650.00 €1450.00

Top level of training for divers wishing to dive beyond 60 m using hypoxic levels of O₂ below 17% O₂.

Min 5 dives.

COMBO TRIMIX AND ADVANCED TRIMIX

€3100.00 €2800.00

Trimix & Advanced Trimix Diver levels as described above.

Min 8 dives

ADVANCED WRECK (Min 4 Days)

€900.00 €750.00

Practice your line laying skills, find lost diver & lost line as well as safe exiting while gas sharing or blindfolded.

NITROX GAS BLENDER (1 Day)

€120.00 €105.00

ADVANCED GAS BLENDER TRIMIX (1 Day)

€215.00 €180.00

PRICE Includes: Hire of twinset, 2 stage tanks, weights, gases (for max depth requirements), instructor, Land transport to dive sites & Certification card.

Excludes: Manuals, Other equipment & Dive Supplements.

All courses can be done in sidemount configuration.

TDI Courses (Closed Circuit Rebreather)

1 pax

2+ pax

LEVEL 1 AIR DILUENT/ HELITROX DIVER (Min 5 Days)

€1420.00 €1250.00

This is your first step into CCR diving and your first SILENT Dive. Qualifies diver to a maximum depth of 30 m using air as diluent, or with option in using mixed gas diving (Helitrox) diluent.

Min 8 dives

LEVEL2 MIXED GAS CCR DIVER (NORMOXIC 60 M) (Min 6 Days)

€1600.00 €1350.00

The next step in getting deeper using mixed gases. Qualifies diver to 60 m using Helium as diluent gas and O2 levels to a min of 16% and 100% O2 for deco stops.

Min 6 dives

LEVEL 3 ADVANCED MIXED GAS CCR (HYPOXIC) (Min 7 Days)

€1850.00 €1600.00

This is the highest level in CCR training. Qualifies divers to a max depth of 100 m using hypoxic Helium as diluent less than 18% and 100% O2 for deco stops.

Min 7 dives

ADVANCED WRECK (Min 4 Days)

€790.00 €690.00

Practice your line laying skills, find lost diver & lost line as well as safe exiting while gas sharing or blindfolded.
